Sir:

**REQUEST FOR OFFICIAL DECLARATION**

The Examining Authority in European Patent Application No. 01983722.8-2412/1348309 has requested an Official Declaration from the United States Patent and Trademark Office regarding (a) the change in serial number in the above-identified application, and (b) confirmation that application serial no. 09/713,684 is effectively abandoned. A copy of the request is attached hereto as Exhibit A.

This application was originally filed as a non-provisional application on November 15, 2000, and assigned serial no. 09/713,684. On October 8, 2001, Applicant filed a petition to convert the non-provisional application to a provisional application (copy attached as Exhibit B). The petition

ATTORNEY DOCKET NO. WEST14-00004  
U.S. SERIAL NO. 10/042,705  
PATENT

was granted on January 8, 2002, and the application was re-assigned serial no. 60/331,350 (keeping the same filing date) (copy of decision attached as Exhibit C).

Prior to the above-identified decision, Applicant filed a request to rescind the petition to convert the non-provisional application into a provisional application (copy attached as Exhibit D). Since this request, received before the above-identified decision, was not acted upon prior to that decision, the request was treated as a petition to convert the provisional application into a non-provisional application, and the application was re-assigned serial no. 10/042,705, once again keeping the same filing date (copy of decision attached as Exhibit E).

Applicant requests an official declaration regarding the above-identified proceedings, and confirmation that application serial no. 09/713,684 is no longer active.

If any issues arise, the Applicant respectfully invites the Patent Office to contact the undersigned at the telephone number indicated below or at *dvenglarik@davismunck.com*.

DECISION ON PETITION

**DOCKETED**

AUG - 5 2002

This is a decision on the Request to Rescind Petition to Convert Nonprovisional Application to a Provisional Application under 37 CFR 1.53(c), filed November 13, 2001, which, for reasons stated below, is being treated as a petition to convert a provisional application to a nonprovisional application under 35 U.S.C. 111 and 37 CFR 1.53(c)(3).

The Petition is granted.

The application was filed on November 15, 2000, as a nonprovisional application. A petition to convert the nonprovisional application to a provisional application under 37 CFR 1.53(c) was filed on October 11, 2001. Petitioner filed the instant petition on November 13, 2001, seeking to rescind that request. However, the petition to rescind the conversion request was not timely acted upon and, instead, the petition to convert the application to a provisional application was granted on January 8, 2002<sup>1</sup>.

In view of the foregoing, the petition to rescind the conversion request is being treated as a petition to convert the provisional application back to a nonprovisional application and is granted.

The application file has been assigned nonprovisional application number 10/042,705 and is being returned to the Office of Initial Patent Examination (OIPE) for further processing as a **NONPROVISIONAL** application under 35 U.S.C. 111(b) and 37 CFR 1.53(c)(3), with a filing date of November 15, 2000.

<sup>1</sup>The Decision was erroneously dated January 8, 2001.
